

Software for Independent Study Documentation and Compliance

"The ease with which PLS facilitates collecting attendance and creating master agreements has made my life as a teacher SO MUCH easier." –Teacher, Visions Education

From online master agreements and digital content integrations to synchronous instruction tracking and activity logs—we make it easier to deliver great IS instruction while complying with state requirements

IS Enrollment and Rostering from SIS

Online Master Agreements

LMS and Digital Content Integrations

Activity Tracking and Work Records

Synchronous Instruction and Tiered Reengagement

Compliance and Audits

The technology you need for Independent Study

Deliver on engaging individualized instructional plans while reducing the burdens of IS program administration, documentation, and compliance.

Empower Teachers

Tracking for Synchronous Instruction and Tiered Reengagement

- LMS and digital content integrations

- Online archive to store required documents

- Teacher dashboard to track student engagement and progress

Reduce Administrative Burdens

Digital creation and eSignatures for Master Agreements

- Automated tracking of student activities and time-on-task

- SIS-agnostic student roster syncing

- Access to School Pathway's team of Independent Study experts

Enrich Student Experiences

Access to an intuitive, mobile-friendly student portal

- Single-sign-on to digital instruction and learning programs such as Google Classroom

- Online submission of classwork and activities

School Pathways has over 20 years of experience in K-12 Education. We provide solutions for virtual, hybrid, and alternative instruction, helping educators accommodate the unique learning needs of each student, in any environment.
